

Attention Marketplace Broker Partners Molina Healthcare is waiving all member costs associated with testing for the coronavirus, which causes COVID-19.

Molina is taking care of its members. In order to better serve you and your clients, Molina has made some changes in response to the coronavirus (COVID-19):

- **Waiving cost-sharing for COVID-19 diagnostic testing.** If your doctor recommends the member should be tested for COVID-19, they will *not* be charged for the lab test.
- **Waiving cost-sharing for Teladoc services (via phone or video).** Teladoc is a great option for people who think they could have COVID-19. Our Teladoc PCPs can recommend COVID-19 testing and direct Molina members to the right place for testing.

As a reminder, Molina members have access to a 24-hour Nurse Advice Line.

We want you to be aware of an important update that affects your clients that are Molina Healthcare members.

What we're doing for our members:

Molina Healthcare announced it is waiving all member costs associated with testing for the coronavirus, which causes COVID-19.

“Due to Molina’s focus on vulnerable and underserved populations, we want to ensure that our members have access to proper testing for the coronavirus,” said Joe Zubretsky, President and CEO of Molina Healthcare. “Molina is immediately removing all out-of-pocket costs associated with testing for this virus.”

Important information for your clients:

Molina’s EVP and Chief Medical Officer (CMO), Dr. Jason Dees said, “We are diligently working with our provider engagement teams to share information with Molina’s provider community about coverage and testing for members.” said Dr. Dees. “If a member develops symptoms associated with COVID-19, we encourage a visit to their primary care physician to help guide them through appropriate testing and care. Any related visit to a primary care doctor, urgent care, or emergent care does not require prior authorization.”
