Subject: ChamberCare Benefit Plan & Mewa.io: Walkthrough Video

Last week, you should have received an email introducing mewa.io, a digital MEWA management system ChamberCare Benefit Plan will begin offering on January 1st.

Hi Laura,

Last week, you should have received an email introducing mewa.io for COBRA verification and continuation management. The ChamberCare Benefit Plan will begin offering COBRA services on January 1st for groups that are eligible for COBRA. If you missed it, you may view a copy [here](#).

In this message, we'd like you to see the exact process employers will experience using mewa.io. We've created the following videos outlining the main areas of the system. As you'll see, mewa.io is incredibly simple to use. Also, it's available on computer, tablet, or smartphone!

[Mewa.io Employer Walkthrough Video](#)

1. Every month, mewa.io uses plan enrollment data to determine which employees have terminated coverage. If the data is sufficient to process the terminations, no further action is required. If additional data is required, mewa.io will request a verification from the employer.
2. Each week, brokers are notified of any employers and plan participants who need further validation.
3. Employers are notified via email if they have any employees who meet the above criteria and are given a link to their personalized employer portal, allowing them to complete or verify the information on file. Employers can either verify with one click within the email or elect to make changes in the portal. No login or account is required to access the portal. They can then review and digitally sign any required forms. From here, the data is updated and sent to myCobraPlan, which administers the COBRA coverage. Click [here](#) to view the sample employer welcome packet from myCobraPlan.
4. Mewa.io also includes a document management feature, where employers can view an archive of any documents created using the portal.

Next, we'll follow up with answers to frequently asked questions.

Thanks for being a part of the ChamberCare Benefit Plan!
