Subject: Important Message Regarding the ChamberCare Benefit Plan: Introducing Mewa.io

Starting January 1st, the ChamberCare Benefit Plan will begin partnering with mewa.io and myCobraPlan to offer COBRA services for COBRA-eligible groups. While this does not require any action on your part, we want you to know about the program, its purpose and how this will affect your groups.

Hi Laura,

Starting January 1st, the ChamberCare Benefit Plan will begin partnering with mewa.io and myCobraPlan to offer COBRA services for COBRA-eligible groups. While this does not require any action on your part, we want you to know about the program, its purpose and how this will affect your groups.

[ChamberCare Benefit Plan & Mewa.io Overview](#)

Over the coming weeks, you will receive information about the program, including videos and walkthroughs showing you exactly what your employers will see. Please note this is for your information only; no training is required. Also note that this will not affect quoting. Instead, mewa.io will assist with management post-enrollment, offering:

COBRA Support - In order to ensure members who terminate coverage are offered the appropriate coverage options, mewa.io will verify the information on file and send continuation information to myCobraPlan, the COBRA Administrator. [myCobraPlan](#) will generate COBRA notices, process election forms and premium payments, and monitor participant timelines for COBRA coverage.

Document Management - Employers will have access to a custom employer portal that will store any documents signed using the program.

For additional details about Continuation of Coverage, please click [here](#).

Please note that this service is provided by the ChamberCare Benefit Plan at no cost to you or your employers. This service is included for COBRA-eligible groups. Also, there are no accounts to create; Employers will be emailed directly with information on how to access their portal.

Again, we want you to be fully aware of how and why mewa.io will benefit your employers. Please stay tuned for additional details!

Thanks for being a part of the ChamberCare Benefit Plan!
